WHAT: "Dash for Cash" is an event where a rider on top of a horse runs a predetermined distance in a straight line, turns a barrel and then runs across a finish line without knocking over a barrel as fast as they can. If they knock the barrel over, it will be a disqualification. Individual runs are timed, and the fastest time for each rotation advances to the final round. The rotational winners will then run against each other for the prize money.

WHY: All proceeds from this event will go directly to the Tioga County Agricultural Society to help maintain and improve the Tioga County Fairgrounds for future generations to enjoy.

WHERE: Tioga County Fairgrounds: Owego, N.Y.
